

Customer Story

Women's Health Associates

Managed by a team of dedicated and hardworking professionals, Women's Health Associates delivers at every level while providing essential healthcare services to womankind. The motto of Women's Health Associates is that every woman deserves to be understood and heard with respect to all her health complaints. Qualified and experienced women who are compassionate about healthcare lend a patient ear to other women having any health issue.

Women's Health Associates offers comprehensive services for women of all age group under several specialties like gynecology, aesthetic medicine, radiology procedures, nutrition, pre-natal counseling etc. Emergency assistance via telephonic or face to face consultation is one of the most liked services offered here, that has helped several patients in time of dire need.

Challenge

Despite offering excellent health services for women, Women's Health Associates was lacking adequate presence in online searches. Since 2020, Women's Health Associates has been in touch with Growth99 with an aim to increase patient booking via an enhanced online presence. Growth99 decided to focus on Search Engine Optimization in order to increase the number of times Women's Health Associates would appear in online searches.

Solution

With the efforts and help of Growth99, Women's Health Associates got their own brand new website, that was a revamped version of the former one. Their online traffic has never been better and they are generating a respectable amount of organic traffic regularly. Crisp content and SEO driven blogs have also helped to attract more website users. Women's Health Associates has seen a boom in their business and are now able to help more women who need their services. Growth99 and Women's Health Associates have teamed up since 2020 with a vision to see progressive business growth.
