

Customer Story MSpa At Mystic

MSpa at Mystic is an aesthetic medicine and wellness spa offering several skincare and holistic treatment services to its clients. The spa offers non-surgical cosmetic skin treatments that restore the youthful appearance of the skin without altering the natural beauty. PDO threads, chemical peels, CoolSculpting, laser hair removal, and IPL are some of the treatment services that MSpa offers.

Challenge

MSpa was looking for an experienced digital marketing partner to launch its new medical aesthetics practice online. Before contacting Growth99, MSpa did not have any plan or strategy to increase its online popularity. MSpa was looking for help with the development of a brand new website and a suitable digital marketing strategy.

Solution

Growth99 set out to work and developed a dynamic website for MSpa that was based on a robust infrastructure. The SEO strategy that was put in place helped to increase the ranking of the MSpa website during online searches. MSpa website is garnering more leads since Growth99 migrated the online functioning of the spa to a new platform.
