

Customer Story

White Wood Dental

White Wood Dental Clinic is a cosmetic dentistry clinic that offers a variety of treatments for dental care. The White Wood Dental Clinic team is trained on the latest technology to deliver safe treatments to all patients. The clinic only offers FDA-approved and medically-tested treatment options to their patients. Dr. Le is recognized as one of the nation's top cosmetic dentists.

Challenge

White Wood Dental came to Growth99 in the winter of 2022 as a direct referral from HUSH Med Spa. White Wood Dental wanted to stand out with a great website and online footprint to help them scale with robust online tools and SEO. Before Growth99, White Wood Dental lacked an online digital footprint, website, SEO, and CRM solution to count on.

Solution

Growth99 set out to work and developed a dynamic website for White Wood Dental based on a robust infrastructure. The SEO strategy put in place helped increase the ranking of the White Wood Dental website during online searches. White Wood Dental website is garnering more leads since Growth99 migrated the online functioning of the spa to a new platform. The new digital marketing strategy that Growth99 designed has helped increase website traffic. White Wood Dental now has a website and marketing partner to achieve its goals to scale further, and the clinic has an ever-increasing base of happy clients.
