Live Vibrant Wellness and Aesthetics

Live Vibrant Wellness and Aesthetics is a wellness spa that aims to help clients look and feel good about themselves. Their services are highly personalized, as the clients get to meet the Aesthetic Consultant before they meet the Physician Assistant. Together, the team develops a treatment plan customized to suit the client, which is discussed before the appointment.

Live Vibrant Wellness and Aesthetics also has a range of premium quality skincare products that they use for all treatments. Brittini Valente is a detail-oriented consultant who loves helping patients reach their aesthetic goals. She delivers the highest quality and unparalleled patient service while always demonstrating an upbeat, personable, and energetic demeanor.
